

Dear HCAM member,

Medicaid funding is in jeopardy! The "repeal and replace" plan Congress is currently considering contains an **unprecedented cut** to Medicaid. Plans are moving quickly and lawmakers are making decisions now on the future of Medicaid.

We need you to weigh-in with your Members of Congress. You can make a real difference to those who need Medicaid most!

Lawmakers rarely understand the important role of Medicaid in providing benefits for those individuals that need it most: older Americans and individuals with disabilities. We need constituents like you to weigh in with Members of Congress and remind them about the importance of the Medicaid program and ensuring quality care for our most vulnerable populations.

The current Medicaid system underfunds long term care, as you well know, and we cannot take any more cuts, let alone one approaching this magnitude.

It is easy for you to contact your Members of Congress. **Please, use our "Take Action" button to send a message to your Senators and Representatives imploring them to preserve Medicaid funding for those who need it most.**
