CHRISTIAN PARK VILLAGE RECEIVES SECOND CONSECUTIVE “DEFICIENCY-FREE” RATING ON STATE SURVEY

ESCANABA, Mich. – June 23, 2014 – Christian Park Village, a Ciena Healthcare skilled nursing center in Escanaba, Mich., has received its second consecutive deficiency free survey from the State of Michigan’s Bureau of Health Services – Licensing and Regulatory Affairs division (LARA). This is the center's fourth deficiency-free survey in the past eight years.

“This is a tremendous honor to receive this rating for the second year in a row,” said Wayne Johnson, administrator, Christian Park Village. “The survey results demonstrate the level of care Christian Park Village provides to its residents and their families. Our caring staff not only meets state standards, but exceeds them, which is something we strive to do each and everyday.”

In the LARA survey process, the Bureau of Health Services and its Long Term Care Division conduct complex and rigorous yearly inspections of nursing facilities to assure all are operating under federal and state regulations.

Inspection surveys are unannounced and conducted on-site over a several day period. The inspection team evaluates all aspects of resident care and nursing facility procedures and practices, assessing facility compliance with hundreds of specific state and federal standards. The inspection determined Christian Park Village was 100 percent in compliance and was issued a Deficiency Free Survey. The average number of citations for facilities in Michigan is 6.3, year to date. Only 1.8 percent of nursing facilities earned a deficiency free survey.

“Ciena Healthcare’s exceptional and dedicated team of professionals deliver a high level of patient care to meet and exceed residents’ health and comfort needs,” adds Dan Echler, Regional Director of Operations, Ciena Healthcare. “To achieve two consecutive deficiency free surveys is extremely rare. This is quite an accomplishment for Wayne and his team.”

About Ciena Healthcare

The Ciena Healthcare organization is comprised of 32 skilled nursing communities located in Michigan and four communities located in Connecticut, managed by Regency Healthcare Management, LLC.

Ciena communities are diverse and collectively serve all resident and patient nursing care needs from short-term rehabilitation stays to long-term residency. Founded in 1998, Ciena Healthcare is committed to fulfilling residents' needs and well being while also promoting their independence. Ciena's vision is to change the way nursing communities are operated and perceived by providing and developing centers that feature private rooms, ambiance, attention to detail and quality food preparations, all delivered by high quality, compassionate and dedicated professional, support staff.
