Imperial Healthcare Centre Has a Short-Term Rehabilitation Success Story!

DEARBORN HEIGHTS, MI, June 1, 2012 – Imperial Healthcare Centre (“Imperial”) would like to share one of their many short-term rehabilitation success stories! Jackie has been a patient at Imperial for the past two months, following a long hospital stay. While in the hospital, she was on life support and bedridden for several months. Jackie was eventually weaned off a ventilator and, after numerous failed attempts at capping and feeding trials at the hospital, she came to Imperial.

While at our facility, she was successfully weaned off her tracheotomy and feeding tube and just two days before Mother’s Day this year, Jackie walked *unassisted* for the very first time in over one year! The entire staff at Imperial is so proud of her amazing accomplishments. Jackie is a great inspiration to everyone! Way to go!

Jackie’s family was so excited and proud of her success, they recorded her first steps and posted it on YouTube to share with everyone. To watch the video, simply type the following link in your web browser: http://www.youtube.com/watch?v=yXtpubM6zSo&feature=youtube_gdata_player . For additional information on short-term rehabilitation, please contact the Admissions Director at (313) 291-6200.

Imperial Healthcare Centre offers the opportunity for peaceful rejuvenation and short-term rehabilitation, including skilled and experienced physical, occupational, speech and

respiratory therapy. We provide a wide variety of services to promote a quick recovery from an illness or injury. Whether the need is for short-term rehabilitation or an extended stay, our dedicated and compassionate staff provides our patients with the highest level of clinical excellence, while treating each of them as a unique and special individual. It is our philosophy that gives recovering patients and their families a new sense of purpose and a more fulfilling way of life.

If you would like additional information, please visit our website at www.ImperialHealthCareCentre.com or contact the Admissions Department at 313-291-6200 to arrange a personal tour.
